*“The best way to connect with people is visually.”*

## About

Maria is an HR executive for her company. She has been using Paint and various online editors in order to take screenshots and edit images, but feels that there should be an easier way of doing things.

## Likes

- Easy to use software
- Placing images directly onto her image
- Having the ability to choose where her files are saved

## Dislikes

- Programs that do not offer enough editing options
- Slow loading times
- Programs that are needlessly complex

## Goals

- Connecting with even more people through visuals.
- Finding an easier way to edit images for job listings.
- Learning how to use new image editing software
